*Chancellor's Future Leaders in Research Program

Chancellor's Future Leaders in Research Program offers a unique opportunity for students to conduct research early in their college career. Students are partnered with a faculty member in the field of their choice to work side-by-side in a research setting learning what a career in their chosen field may be like. As a member of the research team, students receive guidance and support to expand their knowledge and skill. Students participating in this program can work up to 20 hours per week to earn up to \$1550 per year. The student is paid an hourly wage and paychecks are sent bi-weekly.

**Chancellor's Student Aide Program

Chancellor's Student Aide Program provides an opportunity for students to work in one of our many departments. Students participating in this program can work up to 20 hours per week to earn up to \$1550 per year. The student is paid an hourly wage and paychecks are sent bi-weekly.

LSU Senior College Scholarships

Each year, the LSU academic colleges review entering freshmen who intend to major in a curriculum within their college for scholarships available to those specific areas of study. Scholarships vary by academic college. The application for admission also serves as the primary application for all academic college scholarship opportunities. Students selected for one of these scholarships are notified directly by the academic college. Please contact the academic college of your intended major regarding questions about their specific scholarships.
